ALEXANDER & CO. BANK IS CLOSED BY COMMISSIONER

State Officials Close Doors
After Making An Invest-
igation of Affairs

RECEIVER TAKES FULL CHARGE

Bad Loans Is Said to Have
Been Cause of Failure of
Institution

The bank of George Alexander & Co., of this city has been closed by order of State Banking Commissioner Thomas J. Smith and the affairs have been placed in the hands of the State Banking Department for liquidation. Mr. Buckner Woodford, Sr., has been appointed special commissioner to wind up the bank's affairs.

This action was taken by a majority of the Board of Directors of the bank late Tuesday afternoon, at which meeting the report was placed before the board, after the examination, which had just been completed by State Bank Examiner John B. Chenuit. Thomas J. Smith, State Banking Commissioner attended the meeting, as did Deputy Commissioner Rankin R. Revil and Examiner Chenuit. None of the officials while here would discuss the conditions leading to the closing of the bank.

The directors who made the order closing the bank were Harry B. Clay, E. P. Claybrook, J. W. Bacon, J. M. Brennan and R. B. Hutchcraft.

The bank at the time of its last examination, had a capital of \$40,000 and showed a surplus of \$22,500 with deposits of \$204,343.04, with loans and other securities showing the bank to be fully solvent.

The last public statement was in January Bankers' Encyclopedia, which showed: Capital, \$40,000; surplus, \$21,000; deposits, \$275,000; cash on hand, \$41,000; loans, bonds and other securities, \$342,000.

The extent of the loss to the depositors and stockholders will be determined after the real value of the banks' assets are determined.

Mr. Alexander, president of the concern, will make no statement other than the cause of the banks' failure was due to bad loans, and excessive loans. The losses incurred by such loans it is said will go beyond \$150,000. This loss, it is said, does not include individual notes held against Mr. Alexander, to an amount said to be fully \$100,000.

Mr. Alexander, upon the closing of the bank, said he would turn over his individual and personal estate for the benefit of the banks' depositors and his creditors, and accordingly on Wednesday made an assignment to Samuel Clay, of Bourbon county. No schedule of his assets or liabilities have been filed in the County Court and Mr. Clay has not yet appeared to qualify as the administrator of the estate. Mr. Woodford, who is President of the Bourbon Bank & Trust Company, of this city, Wednesday at noon assumed the receivership of the bank.

The Bank of George Alexander was organized fourteen years ago following the liquidation of the old Northern Bank. The late Charlton Alexander was President of the Northern Bank, and his son, George Alexander, succeeded in holding the depositions of the Northern Bank in his new institution, which was formed and capitalized at \$25,000 and had a surplus of \$10,000. A few years ago the capital stock was increased to \$40,000 and the name of the institution changed to George Alexander & Co. The bank has always enjoyed a liberal patronage and was regarded as one of the safest and most reliable in the county.

It is said that with the assets of the bank, together with other funds that will be raised, the depositors of the institution will be paid out. This, however, is a matter of conjecture, drawn from rumors that have been in circulation since the closing of the bank's doors, but nothing definite can be learned of the effort to relieve the depositors who suffered by the crash.

SAVAGE ADVANCE MADE BY REBELS

May Affect Settlement of
Difficulties With the
Huerta Party

NIAGARA FALLS, ONT., May 21.—There is a feeling on the part of the principals to the mediation conference here that the savage advance of the constitutionalist army under Gen. Villa inevitably must have a bearing upon the settlement of the difficulties between the United States and Huerta's party.

When the South American mediators withdrew the invitation they had extended to General Carranza to send delegates to the Niagara Falls conference, because of the refusal of the constitutionalists led to agree on an armistice to continue during the sessions, it was stated that the conference would proceed to a consideration of questions growing out of the Tampico incident and subsequent causes of irritation between the Mexican federal army and the American military forces.

Official reports coming yesterday from constitutionalist forces reciting the victories of Villa and his army in the Saltillo campaign have convinced the Mexican representatives here that Huerta's foes cannot be stopped. Moreover, the execution of Federal general and his entire staff by Villa has impressed upon them the fact that leaders of the Federal army cannot hope for mercy if they fall into the hands of the constitutionalists.

WASHINGTON, May 21.—A reign of terror, during which the lives of hundreds of Americans would be endangered, is imminent in Mexico City.

Conditions in many sections of the republic are described, in messages received here, as turbulent, and it is feared that the Federals at the capital will revolt against Provisional President Huerta and precipitate general rioting.

The Administration has decided it will use arms, if necessary, to insure the safe landing at Tampico of munitions of war consigned to the Constitutionalists in order that they may hasten the elimination of Huerta.

Acting Secretary of the Navy Roosevelt threw light on the decision of the Administration to maintain Tampico as an open port. He did not go into details, but he said enough to show that the Administration has definite ideas about how far it will go to keep the port open.

The only individual in the world who has any desire to close Tampico, it is now being a Constitutional port, is Huerta. The only reason he would want to blockade and close it is to keep vessels from getting in with cargoes of arms and ammunition for the Constitutionalists.

CONTRACT LET FOR THE REPAIRING OF MAIN STREET

At a called meeting of the City Council, held yesterday, the contract for the repairing of Main street was let to T. W. Johnson, of Memphis, Tenn., who will resurface the street with the Warrenite bituminous pavement.

The contract was let with the understanding that the contractors begin work upon the street as soon as the necessary machinery can be shipped to this city.

Mr. Johnson was here in person, representing the firm of contractors, while Mr. Robertson represented the Warrenite Manufacturing Co.

Carey & Reed, of Lexington, submitted a bid to resurface the street with asphalt, while the Westrumite Company, of Whiting, Ind., submitted a bid for the furnishing of material to replace the present street. Other bids for furnishing various material, including brick, were considered by the Board, but the advisability of having the street resurfaced with the material was considered, and it was decided to use that composition.

The contract entered into by the city provides for the removal of the surface of the present street and putting down entirely new material, which is to be paid for at the rate of \$1.45 per square yard.

The composition to be used in the construction of the street will be similar to that which was previously used. The bituminous pavement is a patent of the Warren Bros., and is said to be one of the very best pavements. The present street, which was put down several years ago, was an imitation of the bituminous composition.

The contractors attempted to use the Warrenite composition, but were enjoined from doing so, and in order to complete the contract were compelled to use a substitute. For a time the pavement gave satisfaction but it soon began to show its defective points, and repairs were necessary frequently.

The contractors will begin immediate preparations for shipping all machinery necessary for the work to this city, and as soon as it arrives they will at once begin removing the surface of the street, and relaying it in the new composition.

CONVENTION OF BIBLE SCHOOLS IS HELD IN THIS CITY

Largest Gathering of Sunday
School Workers Ever
Held in District

29 SCHOOLS ARE REPRESENTED

Reports Indicate Steady In-
crease in All of the
Schools

The annual session of the Eighth District Bible School Convention was held in this city Wednesday morning, following the meeting of the district C. W. B. M., which was held Tuesday. The meeting was called to order promptly at eight o'clock by Rev. Armistead, the president. Mr. B. W. Trimble, the secretary, was in attendance.

The meeting was held in the Christian church, and the interest in the Bible school work attracted a large number from each of the five counties composing the district. The auditorium of the church and the Sunday school annex were packed to overflowing, and the convention was said to be the largest and most representative ever held. Twenty-nine schools were represented, Cynthiana sending the largest number of delegates, numbering sixty-five, while North Middletown was second with thirty-four.

After the business session the convention was opened with a hymn, led by Mr. A. H. Boatright, with Miss O'Neill at the organ. Rev. C. O. Cossaboom, of Millersburg, had charge of the devotional exercises.

Mr. Walter E. Fraze, State Secretary, read his annual message to the convention, in which was outlined the work of the Bible School Association. "Men and the Bible School" was the subject of the address of Rev. J. H. MacNeill, of Winchester, and this was followed by a solo by Miss Elizabeth Hinton, of this city. Addresses were made by Mrs. L. Desha, of Cynthiana, Mrs. I. J. Spencer, of Lexington, and Miss Mary A. Finch, of Mayslick. This was followed by a solo by Miss Mary Hayden, of Paris.

Then followed the introduction of teachers of classes with an enrollment of 100 or over. Of these there were nine, as follows: B. W. Trimble's Loyal Women, 268, and Mr. Haerig's men's class of 218, both of Mt. Sterling; B. F. Adcock, men's class, Winchester, 330; Mrs. Previtt, Winchester; J. N. Christopher, North Middletown, "Every Man's Class," over 100; Mr. Chinn, Cynthiana, "Business Men's Class," over 100; Mrs. L. Desha, Cynthiana, 147 women; Mrs. T. A. Hendricks, Paris, over 100 women, and Mr. T. A. Hendricks, Paris, over 100 men.

The roll call of schools by counties showed a total of 325 representatives present: Bethel, three; Bethlehem, one; Forest Grove, seven; Mt. Carmel, eleven; Winchester, sixteen; Berry, two; Connerville, three; Cynthiana, sixty-five; Leesburg, ten; Indian Creek, two; Republican, three; Robinson, two; Camargo, two; Mt. Sterling, eleven; Somerset, one; Carlisle, one; Jackstown, eighteen; Moorefield, two; Bethlehem (Bourbon) one; Cane Ridge, five; Clintonville, twenty-seven; Escondida, three; Little Rock, twenty-four; Millersburg, twenty-seven; Mt. Carmel, twenty-six; North Middletown, thirty-four; Rudles Mills, three; Stony Point, three; Paris not counted. Besides these there were a number of visitors from Lexington, Versailles, Mayslick, and many other places, also officers, bringing up the total to about 400, not including any one from Paris.

After luncheon at the church, the annual report of the treasurer, Mr. B. W. Trimble, showed the number of schools in the district to be twenty-nine, with a total enrollment of 3,164, and an average attendance of 2,475; offerings amounting to \$2,121.77. Winchester had the largest enrollment, and Cynthiana made the largest offering during the year, while Little Rock has the largest organized county school. There are fifty-four adult classes with an enrollment of 1,850.

The nominating committee recommended the following officers for the ensuing year: President, Charles Darrie; vice president, T. A. Hendricks; secretary, B. W. Trimble. Adopted.

C. O. Cossaboom presented the plan of future work, which was adopted. Committee on time and place recommended Owingsville as the place of holding the next meeting in 1915.

Four splendid addresses were made by J. N. Christopher, Prof. A. W. Fortune, J. S. Hilton and President R. H. Crossfield.

The meeting concluded with a touching memorial service in honor of the Rev. H. D. Clarke, the beloved minister of the Mt. Sterling church for many years, conducted by Rev. J. H. MacNeill, a special feature

WOULD HAVE FARMERS' EXEMPTION LAW PASSED.

With the beginning Tuesday of the
consideration in the National House of
the Administration's anti-trust bills
Representative R. Y. Thomas, Jr., a
member of the Committee on the Ju-
diciary, that assisted in framing the
measures, commenced the fight which
he intends to make in behalf of farm
produce pools. He proposes at the
proper time to dissect from the bill
"to supplement existing laws against
unlawful restraints and monopolies,"
Section 7, which he regards as a
"meaningless sop" to the farmers and
labor organizations of Kentucky and
other States. This section of the bill
provides "that nothing contained in
the anti-trust laws shall be construed to
forbid the existence and operation of
fraternal, labor, consumers' agri-
cultural or horticultural organizations,
orders or associations institu-
ted for the purpose of mutual help,
and not having capital stock or con-
ducted for profit, or to forbid or re-
strain individual members of such or-
ganizations from carrying out the legitimate ob-
jects thereof."

If he is successful in pruning this
section from the bill the Kentuckian
will attempt to draft in its place his
amendment which will provide for
the exemption from prosecution un-
der the anti-trust laws of all such
organizations, regardless of the pur-
pose of their organization.

The fight which Mr. Thomas plans
to make against the bill as it stands
is believed by the Kentuckian to have
the endorsement of Samuel Gompers,
president of the American Federation of
Labor, and his associates.

"I recently called the attention of
Mr. Gompers to the exemption pro-
vision in the bill," said Mr. Thomas,
"and pointed out that, in my opinion,
Section 7 is meaningless, and would
be of no benefit to organizations of
farmers, laborers, etc. I said that such
organizations are primarily orga-
nized for profit to those who belong to
them, and Mr. Gompers advised
me that he was deeply interested in
my construction of the proposed law.
I am reasonably sure that he ap-
proves of my plan to attempt to
amend the bill so that all fraternal,
labor, consumers', agricultural or hor-
ticultural organizations may be ex-
empt from prosecution under the anti-
trust laws, without any qualifying
clause. My proposed amendment has
the endorsement of my constituents."

Under the rule adopted the Ken-
tuckian cannot propose his amend-
ment until the consideration of the
measure under the five-minute rule
following the general debate.

lain's Liniment the best thing for

SULPHUR IS THE ONLY THING
FOR ITCHING ECZEMA.

Use Like Cold Cream to Subdue Irrita-
tion and Clear the Skin.

In the treatment of the various
forms of disfiguring, itching and
burning Eczema such as Acne, Ring-
worm, Salt Rheum, there is nothing
known that can take the place of bold-
sulphur cream.

It effects such prompt relief, even
in the aggravated Eczema, that it is
a never-ending source of amazement
to physicians.

For years bold-sulphur has occu-
pied a secure position in the treat-
ment of cutaneous eruption by reason
of its cooling parasite-destroying prop-
erties. Bold-sulphur is not only par-
asiticidal, but antipruritic and anti-
septic, thereby invaluable in overcom-
ing irritable and inflammatory affec-
tions of the skin. While not always
establishing a permanent cure, yet in
every instance it instantly stops the
agonizing itching; subdues the irritation
and heals the inflamed, raw skin right up
and it is often years later before any Eczema eruption ap-
pears again.

Those troubled should obtain from
any good pharmacist an ounce of bold-
sulphur cream and apply it directly
upon the abrasion like an ordinary
cold cream. It isn't unpleasant and
the prompt relief afforded is very
welcome. adv.

Sick Women Made Well

**Reliable evidence is abundant that women
are constantly being restored to health by
Lydia E. Pinkham's Vegetable Compound**

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of **Lydia E. Pinkham's Vegetable Compound**.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

POST-OFFICE DEPARTMENT CO-OPERATES TO PREVENT FIRES.

The post-office department has just repeated, in the current postal guide supplement, the instructions through which the rural carriers are to report forest fires to the proper authorities during the coming season. The instructions were first issued in May, 1912, and during the past two years the co-operation has resulted in the detection and suppression of many fires.

State and Federal forest officers will make a special effort this year to get even more out of the service than has been obtained heretofore. The usual procedure has been for the State Fire Wardens of Federal forest officers to send to the postmasters lists of local Wardens and Patrolmen, with their addresses and telephone numbers. These lists are given to the carriers with instructions to report forest fires to men whose names appear thereon, or to other responsible persons. This year a special effort will be made to follow up the sending out of the lists by having the Patrolmen and Wardens meet the carriers personally and to take the initiative in arranging such meetings, and also to map out a plan of action to be followed.

Co-operation between the rural carriers and the Federal forest officers will be effective in the twenty States in which National forests exist and with State forest officers in the twenty States which have established their own fire protective systems. It is expected that the services of the carriers will be particularly valuable in helping to protect the new National forest areas in the Southern Appalachians.

What has become of the old-fashioned man who used to take a night off to write a two page letter and always started it off with: "I now take my pen in hand to let you know that we are all well, hoping you are the same?"

One good feature about the potato sack topped skirt is that the bottom of a corset doesn't stick out like an auto tire.

SUMMER TRAINING SCHOOL FOR SUNDAY SCHOOL WORKERS

NEWSPAPER POPULARITY CONTEST NOT LOTTERY

Preparations are being made for a Training School for Sunday School Workers, to be held in Lexington, Ky., June 11-19, 1914, under the auspices of the Kentucky Christian Bible School Association, to which the Disciples of Christ throughout the State are looking forward as one of their most important religious events of the year. Courses will be offered in Bible Study, Religious Pedagogy, Child Study, Sunday School Administration, Missions and Social Service by a strong faculty composed of four college professors and as many Sunday school specialists. A feature of the program will be three simultaneous departmental sections under competent supervision giving training in the special work of the Elementary, Secondary and Adult Divisions. The morning of each day will be devoted to class work, the afternoon to study, conference and recreation, and the evening to special lectures and the departmental sections.

The faculty, as announced by the Dean, Walter E. Fraze, of Louisville, who, as State Superintendent of the Kentucky Christian Bible School Association, is arranging all the details of the school, is as follows:

F. E. Lumley, Professor of Social Service and American Missions in the College of Missions, Indianapolis, Ind., Instructor in Missions and Social Service.

E. E. Snoddy, Professor of Philosophy in Hiram College, but called to the College of the Bible, Lexington, Special Lecturer.

W. C. Bower, Professor of Religious Education in the Bible College, Lexington, Ky., Instructor in Religious Pedagogy.

Miss Hazel A. Lewis, Elementary Superintendent of the Bible School Department of the American Christian Missionary Society, Instructor in Elementary Division and Missionary Methods.

Miss Cynthia Pearl Maus, Associate Editor Bible School Supplies, Christian Board Publication, Instructor in Secondary Division.

W. J. Clarke, Adult Superintendent of the Bible School Division Department of the American Christian Missionary Society, Instructor in Adult Division and Administration.

All sessions of the school will be held in the chapel and class rooms of the College of the Bible, while the students will be entertained in the dormitories of Hamilton College.

This is the Third Annual School of this character held by the Association. Over two hundred and fifty students were enrolled last year representing one hundred and nineteen churches. A class of 106 took the complete course and received international certificates, which has the record of being the largest class graduated among the Disciples of Christ. Preparations are being made for over three hundred this year.

MATRIMONIAL

ANNOUNCEMENT

—Mr. and Mrs. James T. Bonta, of Perryville, Ky., announce the engagement of their niece, Miss Sarah Frances Webb, to Mr. Ernest Martin, of this city. The wedding will be a pretty event of the early fall, and will be solemnized at the home of Mr. and Mrs. Bonta.

The couple have been engaged for several months, but there was no intimation of the engagement until a few days ago. Miss Webb, for the past four or five years has been a student at the Bourbon Female College. She is a pretty and attractive young woman, and was extremely popular among her schoolmates and also with others with whom she came in contact.

Mr. Martin is a prominent young business man of this city, being a member of the firm of Martin Bros. He is an industrious young man and is very popular.

EXCEPTIONAL OPPORTUNITY FOR THE INVESTOR.

Elsewhere in this issue appears the ad. of Prof. W. L. Yerkes offering for sale his desirable residence, and lots adjoining, corner of Eleventh and Main. EAGLES' CARNIVAL BEGINS NEXT MONDAY AFTERNOON

On next Monday afternoon the great Littlejohn Carnival will begin a week's engagement in this city under the auspices of the local lodge of Eagles. The city lot in the rear of the Paris Public School will be used as the carnival grounds, and will be set ablaze with myriads of electric lights which at night will transform the midway into a great white way.

On Sunday afternoon at four o'clock, the band, under the leadership of Prof. Roscoe Grelle, well known in this section of Kentucky, the band having been organized at Lexington, will give a sacred concert on the public square. This is the first season of this band on the road with a carnival company, and it is known to be one of the finest that has ever traveled with this class of attractions.

Mr. Littlejohn has secured a large number of high-class attractions for this season, all of which will be presented in their entirety on the occasion of the engagement in this city. In addition to the regular amusements, there will be presented Capt. Charles E. Cole, of New York and Paris, who will dive from a ladder ninety feet in height into a small tank of water. This thrilling feat will be performed twice daily afternoon and night.

Mr. Littlejohn's company is composed of the following high-class attractions: Smith's Mammoth Motor-drome, Old Plantation, Crazy House, Jesse James, Aimee, Seven in One, Hippodrome, Horschell & Spillman Three abreast Galloping Horse, Merry-Go-Around, Ferris Wheel and a large number of concessions.

With the weather permitting the week will be one of the most memorable in the history of amusements in this city, and the Eagles are boasting the carnival all over the country.

DICTATES VILLA'S PLANS FOR DAYLIGHT SHOW.

WASHINGTON, May 18.—A story has just reached Washington about the activities in Villa's army of a moving picture operator who is represented as a marvel in his line. According to reports received the moving picture operator fought his way into the good graces of Villa and now it is said the two are close friends, the movie man having full permission to take films and the rebel general reaping a rich harvest out of the concession.

The moving picture operator is said to play an important role in the councils of war held preceding engagements in which Villa commands. When the operator first attached himself to the rebel army he found it difficult to convince Villa that he and his business should have consideration. Villa was willing from the beginning to permit the operator to make reels, but the movie man was not satisfied.

Villa and the operator came near having a rough and tumble fight a few days before Torreon was attacked. The rebels were about to make an attack on Gomez Palacio. Villa planned this engagement for the night time. When this information came to the ears of the picture man he ran amuck in the rebel camp. He was at once admitted to the presence of the commanding general.

There was a show down between the operator and Villa. The picture man in language said to have been very violent told Villa that the time had arrived for somebody to get off and that speaking for himself he had no intention of getting off at that moment. He told Villa that good moving picture reels could be made only in the sunlight and he wanted to know why the commanding general had deliberately planned to stage what might prove to be the principal engagement of the war after sundown.

Villa commanded the operator to hold his peace threatening punishment but the movie man, who is represented as a person of explosive temper, proceeded. The upshot of the affair, it is said, was that the operator had his way and an agreement was reached that whenever possible Villa should stage his battles in the day time under conditions favorable for the making of moving pictures.

CONVENTION OF BIBLE SCHOOLS HELD IN PARIS.

of which was a solo by Mrs. Princess Long, of California.

C. W. B. M. CONVENTION.

Tuesday was a red letter day for the C. W. B. M. of the Eighth District, comprising the counties of Bath, Bourbon, Clark, Harrison, Montgomery and Nicholas, it being the occasion of the annual convention and the crowd which gathered at the Christian Church was the largest ever gathered on a similar occasion.

The early trains brought delegates and visitors from the various towns in the district, and many others came in automobiles until by ten o'clock the large auditorium was filled with people interested in home and foreign missions.

The exercises began promptly at 8:30, the District Secretary, Miss Annie May, of Bourbon, presiding, and the Recording Secretary, Mrs. Russell Henry, of Clark, present.

After a hymn, led by Mr. A. L. Boatright, with Miss Clara Bell O'Neil at the organ, Miss Sallie V. Ashbrook, of Cynthiana, conducted the devotional exercises. Prayer by Mrs. J. W. Hayden, of Paris.

"The Morning Watch," by Mrs. Alice S. Dickson, of North Middletown, was a very impressive and comprehensive talk on Prayer.

Then followed the reports from Auxiliaries, Circles and Mission Bands. These were very interesting, there being twenty in all, and all the organizations were represented but two, and their reports were read by the Secretary.

These reports showed 795 members in the district, with an offering for the year amounting to \$3,655.12, Paris being in the lead with \$620.95 raised by the Auxiliary, and \$147.30 by the Circle.

After the reports, a conference, conducted by Miss Louise Loos Campbell, of Lexington, the State Recording Secretary of the C. W. B. M., Miss Allena Grafton, from the College of Missions, at Indianapolis, and a national worker in the society, and Miss Virginia Hearne, of Lexington, also a worker of wide reputation. The conference brought many interesting facts connected with the work of missions, and beautiful thoughts, also the realization of many plans and the necessity of future activity.

Mrs. John Willie Jones, of North Middletown, rendered a beautiful solo, "O Lord, Be Merciful," and her magnificent voice was greatly enjoyed.

At 11:10 Professor Bowers, of Transylvania University, gave a scholarly address on "The Real Missionary Problem," which was far-reaching in its scope, and masterful in all its details.

The Convention was honored with the presence of the beloved State President, Mrs. J. D. Gay, of Woodford County, who gave a short talk at this point, expressing gratification at the growth and progress of the district as shown in the reports.

After the appointment of various committees, and announcements, the meeting adjourned for lunch which was served in the parlors of the church to the delegates and visitors, three hundred of whom enjoyed the hospitality.

The afternoon session was opened with devotional exercises conducted by Mrs. Carley Wilmoth, President of the Paris Circle.

Mrs. Fanniebelle Sutherland sang an appropriate solo, and Rev. Mr. Armistead, of Cynthiana, voiced the memorial prayer.

Then followed the hour devoted to Children's Work, conducted by Miss Willis Boardman, of Carlisle. This included reports, recitations and songs by children from Carlisle, Moorefield, Jackstown, North Middletown, Winchester, Millersburg, Mt. Sterling, Somerset, Little Rock, Cynthiana and Paris. Each child deserves special mention, but space forbids.

Mrs. Sutherland and Mr. Boatright rendered a beautiful duet.

Miss Grafton then gave a most delightful address on "The Artistic in Religion," which was much enjoyed.

The Committee on Nominations recommended the re-election of the same officers, which was unanimously adopted.

The Committee on Future Work reported some excellent plans through Mrs. Elizabeth Norton, of Carlisle.

Mrs. Broadhurst, of Winchester, presented the report on courtesies, and the Committee on Time and Place will report after conference with the committee from the Sunday School Convention, Wednesday, announcement of which will be made by Rev. Armistead.

Just before the benediction Mr. Boatright announced that Mrs. Princess Long, of California, formerly of Paris, would be at the evening meeting, which was received with applause.

The benediction was pronounced by Rev. H. W. Elliott.

The church was artistically decorated in lavender iris and snowballs, lavender and white being the colors of the National C. W. B. M.

AGED NICHOLAS CITIZEN MAKES
VISIT TO BOURBON FRIENDS

Mr. Nimrod Wood, one of the oldest and most popular citizens of Nicholas county, was a visitor in Paris yesterday, spending the day with his friends. Mr. Wood was a former resident of Bourbon, living in this country two years, the remainder of his life having been spent in Nicholas, where he was born. Mr. Wood will be seventy-seven years of age next Tuesday, and has since 1820 celebrated the occasion with a feast at his home, about two miles from Carlisle, at which are invited a number of his old friends. In spite of his advanced years he is extremely active, and does not seem to have suffered from the weight of more than three score and ten years.

BLUE GRASS SEED CROP WILL
NOT BE HEAVY AS LAST YEAR

Although it is reported that the blue grass seed crop in Central Kentucky will be one of the largest in the past ten years, it is given out upon good authority, by farmers who are well acquainted with the conditions at this season, that the crop will not be as large as it was last year. The seed crop in Bourbon will not quite reach the average, but in many counties in the Blue Grass section the crop will fall far beneath the average crop. Reports from Clark county are to the effect that the seed crop this year will be exceedingly short. This is true of a number of other counties in this section. The drought of last summer is said to be responsible for the condition of the seed this year, and instead of strong and healthy stands the grass is very fragile and the heads ate of a very poor quality. Local seed men are making extensive preparations for harvesting the crop this year, and within the next few days strippers will be started in many sections. The seed crop last year was perhaps the heaviest in a decade and much of the seed which was not sold is still in the hands of the farmers.

Mrs. H. H. Hancock and daughter, Miss Frances Hancock, left Monday morning for a visit to relatives in Alderson and Charleston, W. Va.

The Above Horses Will Make the Season of 1914 at Woodland Stock Farm.

About 7 miles north of Paris on the Cynthiana pike. Money due when colt is foaled, mare transferred or bred to other stock without my consent. Lien retained on all colts until season money is paid. Care taken to prevent accidents, but no responsibility assumed should any occur.

STERLING HINKSON, Lair, Kentucky.

Burley

Black Percheron; Weight 1760.

\$10.00 TO INSURE.

BURLEY is a splendid specimen of the draft horse and his get have proved to be of the very best. There is a steadily growing demand for the class of horses produced by Burley, both upon the farm and in the cities. They can stand more work than the average horse. He is 8 years old, a beautiful black, well formed, and of the class that catches the eye. In selecting a horse to breed to pick one whose produce commands the best price.

FOREST FIRE SEASON
GETS AN EARLY START

The first reports of forest fires have begun to come in to Washington from the National forests and they indicate to the Federal officers an early start of the forest fire season, with unfavorable weather conditions from the very beginning. In the northwest there was less snow on the mountains at the end of the winter than for many years past. Railroad rights of way which were last year deep in snow are reported clear now and dry enough to burn readily.

From the Canadian border to Mexico the reports are similar, and there have already been extensive fires in California and Arizona.

The chief forester reports, however, that the fire-fighting forces of the service are organized better than ever before, particularly in respect to the fire detection system of lookout stations. By means of these stations fires are reported quickly and accurately, so that the control forces may be on the ground at the earliest possible moment.

In those States where the gravest danger threatens, special efforts are being made by the government foresters and by co-operation associations organized among timber land owners, to secure care with fire on the part of campers, prospectors, loggers and railroads. The northwest forestry and conservation associations, with headquarters at Portland, Oregon, is one of the leaders in this campaign.

LIVE STOCK INCREASES
ON NATIONAL FORESTS.

Figures showing the number of live stock for which the Secretary of Agriculture has authorized grazing permits for the ranges on the 160 National forests during the year 1914 have just been made public. Early 11 million animals can be grazed, including nearly 2 million head of cattle and horses, nearly 9 million head of sheep and goats, and about 65 thousand hogs. This means an increase for the current year of about 38 thousand more cattle and horses, and 347 thousand more sheep and goats, although the gross area of the National forests at the beginning of 1914 is almost a million acres less than at the beginning of 1913.

During 1913, according to the reports just compiled, more than 27 thousand stockmen paid the government for grazing permits on the National forests.

For several years past the carrying capacity of the National forest ranges has been slowing raising, which, forest officers say, indicates an improvement in general grazing conditions and a better utilization of the forage resources. They claim that this is due mainly to the enforcement of better methods of distributing and handling stock.

On the lands recently acquired by the Federal Government within the Appalachian region of the East, regulated grazing has been undertaken on six different areas. The local stock owners have readily accepted the change of ownership and appear to be favorably impressed with the methods employed by the forest service for grazing purposes. While the number of all animals authorized to graze upon these Southern Appalachian forests is not large, it is the belief of the forest officers in charge of them that under careful supervision the lands will support more stock than they have in the past and that there will be considerable improvement in the individual animals, with a constant increase in meat production.

The chief forester reports, however, that the fire-fighting forces of the service are organized better than ever before, particularly in respect to the fire detection system of lookout stations. By means of these stations fires are reported quickly and accurately, so that the control forces may be on the ground at the earliest possible moment.

In those States where the gravest danger threatens, special efforts are being made by the government foresters and by co-operation associations organized among timber land owners, to secure care with fire on the part of campers, prospectors, loggers and railroads. The northwest forestry and conservation associations, with headquarters at Portland, Oregon, is one of the leaders in this campaign.

FOREST NOTES.

There is a considerable amount of yew in California, and makers of bows are seeking material there for archery sets.

Western yellow pine cones, to the amount of 6,377 bushels, obtained on the Bitterroot National Forest, Montana, yielded 9,482 pounds of seed. The average cost of the extracted seed was 41 cents per pound.

Results from Western white pine plantations three seasons or more old show an average of 97 per cent success. On average white pine soil planting can be conducted for \$5 to \$6 per acre.

Forest botanists recognize only one cypress in the United States. Its range extends from Delaware southward around the coast into Texas and up the Mississippi valley to Illinois and Indiana. It is one of the few cone-bearing trees which drop their leaves in winter. The heartwood of cypress is noted for its decay-resistant properties.

The Chinese National conservation bureau is considering reforestation at the headwaters of the Yellow River. The government report shows that this will ameliorate the torrents and cause a more regular flow from the now denuded uplands. It is acknowledged, however, that this reforestation may not have an appreciable effect within the lifetime of the present generation.

The Man Who

Pulls Teeth With
His Fingers.

Mr. A. D. Brown, the man who used to pull teeth with his fingers on stock sales days at Paris, Ky., and whose work was the talk of the whole country.

Last fall this same Mr. Brown came to Paris on Court Day and advertised a medicine known as Brown's Snake Oil Liniment, and left it for sale with Chas. E. Butler & Co., druggists of Paris, Ky. Since Mr. Butler has sold hundreds of bottles of this wonderful medicine, and makes the broad statement that it has produced more cures than any medicine that was ever sold through his drug store.

Last Court Day Mr. Brown introduced on the streets, through Mr. Butler's drug store, a medicine known as Brown's Native Herbs in Liquid Form, and a great many bottles were sold under a positive guarantee that it would cure all forms of Stomach Trouble, Constipation, Catarrh, Indigestion, Dyspepsia, Water Brash, Rheumatism, Kidney and Bladder Chills and Fever, Diseases common to Women.

Its introduction into every community has been followed by some of the most remarkable cures. Brown's Native Herbs in Liquid Form is guaranteed to cure Constipation, Indigestion, and to set the stomach right. It matters not of how long standing the disease may be. It at the same time tones up the entire nervous system, gives strength and vigor to those who are weak, sick and nervous. To prove all this we ask you to go and have a talk with Mr. Butler at his store, buy a bottle of the Native Herbs, and if it is not just as we recommend and advertise it, you can go back to Mr. Butler and he will give you your dollar just as cheerfully as he takes it. Brown's Native Herbs in Liquid Form and Brown's Snake Oil Liniment, remember, are sold under a positive guarantee. Try it today.

The Telephone
and Good Roads

The telephone goes hand in hand with good roads.

The telephone overcomes many of the obstacles of bad roads and makes it possible for the farmer and other rural residents to transact business in the city and with neighbors when the roads are impassable.

Progressive farmers are insisting upon good roads and telephones. These two agencies of modern civilization are doing more than all others toward eliminating the isolation of country life. You can have a telephone in your home at very small cost. Send a postal for our free booklet giving complete information.

WALL PAPER TALK No. 6.

The Hall—First impressions are lasting and it is therefore essential that a good impression is secured. Entrance to the house is usually through the hall or reception room; for that reason it should suggest hospitality and be to some extent an index of what is to follow. Formerly the hall was not considered a part of the house and was a dark, gloomy place, a sort of a purgatory through which the travel had to pass to reach the heavenly rest beyond. Now, however, the decorations are more in keeping with the adjoining rooms. But care should be taken to have all the rooms in harmony. Our decorative department is at your service.

NEW YORK, May 21.—Details of the women's toilette of today are a source of great extravagance. From the little bag she carries to her umbrella and parasol, there is never-ending variation and artistic treatment. Every detail of her toilette reveals an unheard-of workmanship, expressing an audacious fancy. Her shoes are especially made for each dress, while her gloves are like long supple boots and of unusual length. It is rumored that the exaggerated head-dresses are growing more conservative, the high scaffolding is being moderated, which predicts the return of the pretty low coiffures, without dye and powder. Then we will see only wonderful pins and combs, giving an excuse for magnificent ornaments of an infinite variety.

This material in solid light blue was combined with white tissue gingham having squares blocked off by a hair-line of black. The main portion of the waist and of the skirt are of solid blue. The fronts of the waist are of the checked material, bound on the front edge with black. Ruffles of this fall from the bottom of the short sleeves and show beneath the bustle skirt, also bound with black. Binding instead of hemming is the latest smart finish. A net chemisette, with a collar of lace wired to flare, complete this delightful frock.

The return of the jumper waist for the smart spring taffeta frock has solved many problems for the economical woman. The organdy sleeve gives the appearance of an under blouse, as the same organdy shows in front, in the high or surplice vest. The sleeves can be elbow or wrist length, with an organdy cuff if long, and with a ruff of lace if short and a more elaborate costume is desired.

Two effects are strongly marked this season in the line of the bottom of the skirt. One, the narrow, tight-fitting underskirt that has a strong trouser effect, and the other frills, either ruff on ruff, lifted at each side, or peeping gayly from under the draped overskirt. These narrow skirts, that spread as the frilled flounces give to each step, are fascinating for dance frocks, as they prevent the short dance skirt from having a hard, unbecoming binding line about the ankle which is usual with straight narrow skirt, so suitable for long tunics and tailored frocks.

The wider skirt is inevitable, if the tendency to pleats, now so strong, continues in vogue. Flat side pleats are seen on many skirts, falling straight from the line of the belt to the bottom of the skirt, extending only across either the front or the back of the skirt. This tendency to pleats is seen in many varieties of pleated tunics, and in the much-used trimming of box-pleated, or knife-pleated taffeta frills to edge tunics, ruffles and capes.

Speaking of capes, we now see the result which is usually the case when one style of garment becomes enthusiastically adopted. Instead of one type of cape we see a variety of types, and many variations of each type, which have sprung up like mushrooms, over night. The tall woman, who is slight, chooses a cape long and ample, lined with color and

Taffeta Silk, Figured and Plain, Make This Interesting Frock.

The Orient and all its rich embroideries, as well as the draped line, inspired by its silhouette, still has an irresistible charm in the new gowns. India and China, as well as Persia, add their influence to the smart gowning of the modern woman. Just at present it is the Persian turban which has the widest influence.

At Longchamps the most seductive dresses were nothing more or less than Egyptian. Gowns of supple silk, full of the color of the fiery sands, had no waistline, but buttoned from the neck to the bottom of the basque down the middle of the front, where the basque at the bottom was enlarged with several points. This basque fell over a narrow skirt of matching serge, its shortness showing feet well shod in high heeled low shoes decorated with large Louis XIV buckles. A soft and pliant scarf passed about the hips and fell in front in two flat ends. To complete this bizarre costume, which is rather radical in its line, a bunch of white violets was worn at the belt, while around the neck was a ruche or ostrich feathers. The gloves, larger than large, were of gray suede stitched with black. On the head was a hat, high and square in shape, covered with tight, small pink roses placed closely together. Over this hat floated a large veil of lace worn as often raised as lowered over the face.

The materials are extremely beautiful this season. The taffetas resemble satins, and the satins exotic fabrics from the Orient; while the woolens, in checks, used for afternoon costumes, are not less supple or exquisite to the touch. Even the linens, striped and flowered, are art-inspired, and reveal all the poetry of the Romantic period.

A striking frock to be worn afternoons I have used for my first illustration. Dark blue taffeta is combined with taffeta, having a crude-colored Futurist design strewn carelessly across it. Long ends of this figured silk are attached to the fronts of the blue taffeta waist and tie loosely in the back. The skirt of solid blue has panniers of the figured silk, draped bouffant at each side.

The second frock, also illustrated, is the new sheer gingham called tissue gingham. It is similar to a voile, but has more body to its tex-

NEWS OF MILLERSBURG

The commencement exercises of the M. F. C. were continued Monday with the annual concert at the M. F. C. Auditorium. This, like all the previous exercises, was well attended. Advanced pupils of the musical department were given an opportunity to show what they had done during the year. The brilliancy of each performer in many respects surpassed those of former years. There is no question but what the members of the musical faculty are superior teachers. The vocal numbers of the work reached its climax in its last number, "Invitation to the Dance," with two pianos and six violins. On Tuesday morning the M. F. C. Auditorium was filled to overflowing, many being compelled to stand during the entire commencement exercises. This was partly due to the fact that Dr. Crowe was to deliver the baccalaureate address. His discourse on Sunday being a logical one all lovers of culture were anxious to

hear him again. At the appointed time the class of 1914, with the members of the faculty of the Institute took their places on the rostrum. The class was made up of the following: Misses Jennie McMillan, A. B., Christine Patterson, A. B., Margaret Anne Peterson, A. B., Martha Adelade Smith, A. B., Mildred Washington Bruce, B. S., Mattie Lydia Burford, B. S., Nell Loraine Hammond, B. S., Ruth Russell Norris, B. S., Dr. John M. Crowe, of Pulaski, Va., the able orator of the occasion, delivered the baccalaureate address, taking as his subject "Heroes and Heroines." His address was a masterly effort, and many beautiful pictures were drawn. It was sublime, eloquent and at the same time practical.

Dr. Fisher awarded the diplomas at

the close of the address in an appropriate and touching address. The honor roll was then read. In a short address Dr. Fisher called attention to the building of the annex which is to be erected during the present summer, and appealed to the student body and all friends of the Institute to do what they could to enlist the interest of new students for next year.

He also announced that in the very near future the name of the Millersburg Female College would be changed to something more appropriate. Many of the students and the faculty left for their respective homes Tuesday afternoon and evening, and the remainder left Wednesday.

—Dr. W. M. Miller and family returned Wednesday after two weeks' visit in Atlanta, Ga.

—Mr. William Peed, of Lexington, was at the bedside of his brother, Mr. J. Peed, Monday and Tuesday.

—Mrs. Mollie Peed, son and daughter, Mr. Alfred Peed and Miss Mary Peed, of Mayslick, were at the bedside of Mr. J. J. Peed, Tuesday.

—Mrs. O. W. Ingels entertained a

number of her friends Wednesday afternoon with a buffet luncheon in honor of her sister, Mrs. E. H. Dorian, of Memphis, Tenn.

—The Millersburg Military Insti-

tute commencement exercises begins Sunday, May 31, at 10:30 a.m., with the baccalaureate sermon by Rev. Mark Collis, D. D., pastor of the Broadway Christian church, Lexington. On Monday morning at 9:00 a.m., the usual competitive and exhibition drill, followed by base ball game

between M. M. I. and Cynthiana High School, and at 8:00 p. m., in the drill hall a play will be given by the cadets, entitled "The Private Secretary," for which admission will be charged.

On Tuesday morning in the drill hall, at 10:30 o'clock, the graduation exercises will be held. Rev. M. B. Allen, D. D., President of the Georgetown College, will deliver the address to the graduates.

The graduating class consists of Rodney King Dugan, Jr., Woodlawn, Ky.; Thomas Montague Farnsworth, Jr., Harrodsburg, Ky.; Edward Warfield Fithian, Paris, Ky.; William Barron Mason, Lancaster, Ky.; John Willis May, Lexington, Ky.; Lawrence Price, Paris, Ky.; Ben Clay Plummer, Cynthiana, Ky.; Calvin Darnall Secret, Brooklyn, N. Y.; James Madison Todd, Lexington, Ky.; Paul Erwin Thompson, Verailles. The public is cordially invited to attend all the exercises.

—The Millersburg Military Institute has sent out beautiful invitations for the Commencement. They are in the form of booklets, the cover of which is marked with the M. M. I. monogram embossed in gold and the seal of the school in navy blue and gold. The cards are tied with blue ribbon to match.

On the inside covers are the following:

DEATHS

RENICK.

—Miss Elizabeth Renick, the pretty and attractive daughter of Mr. and Mrs. B. M. Renick, died in Nashville, Tenn., Monday evening, from typhoid fever.

Since last September she had been a student at the Ward-Belmont College, and was making her home with her aunt, Mrs. Neade Frierson. Six weeks ago she was stricken with typhoid fever, and her mother was called to her bedside.

She seemed to be on the road to recovery until about a week ago, when she suffered a relapse, and in spite of all the efforts of the most skillful physicians she continued to grow worse until the end came.

Miss Renick was born in this city in September, 1898, and would have been sixteen years old next September. She was a member of the Presbyterian church, having professed faith with that denomination at an early age. For several years she was a student at the Paris City School, and attended Bourbon College. Later she entered the private school of Mrs. Fannie Sutherland, where she continued until last fall, when she entered the Nashville College.

She was a beautiful and accomplished young woman, and by her gentle manners made a host of friends. Her death was a severe shock to her parents, as well as to her numerous friends, who were devoted to her. She is survived by one brother, Mr. Coleman Renick, a student in Center College, Danville.

Mr. and Mrs. Renick and son were at her bedside when the end came, Mr. Renick having been called to that city Sunday.

The remains were brought to this city Tuesday afternoon, and taken to the Renick home on Duncan avenue. The funeral services were conducted from the residence yesterday morning at 10:30 o'clock by Eld. W. E. Ellis, and the burial followed in the family lot in the Paris cemetery. The following were the pall-bearers: Jos. M. Hall, John M. Brennan, C. K. Thomas, Fred Batterton, W. H. Harris and Dr. M. H. Dailey.

IN MEMORIAM.

When a beautiful girl like Elizabeth Renick passes from among us it leaves a void in our lives which is difficult to fill. But when we realize that she has gone just a little way from us and that we shall soon follow on, it leads us to inquire into her new life and to endeavor to find in what her new happiness consists.

For the spiritual world never becomes quite so near and so real to us as when we follow into it our dear friends and sympathize with them in the improvements and enjoyments of that blessed life. What must have been the joy of our Lord in receiving her spirit, which has passed through this world of sore temptation with an improving virtue. What a delicate refinement was hers. And how tenderly she felt for those she loved. What goodness, what purity, what sympathy and intensity of love she ever manifested for her loved ones, and with it all how gentle and sweet and lovely. She silently spread around her that soft, pure light, the beauty of which, and the power are never fully known until it is gone.

Her calm, gentle spirit, her sweet and loving sympathy and her just and clear preception of right, fitted her preeminently for the place which she held in the hearts of her many friends. No one who ever knew her well could easily forget the peculiar attractiveness with which she drew her friends to herself—so gentle, so tender, so loving. The world was beautiful to her and life was sweet, and she tried to show her generous impulses, noble aspirations and unselfish devotion by her life of beautiful unselfishness toward others. But she has gone on before us and will be waiting to greet us at the beautiful gate, for she is not dead.

There is no death; What seems so is transition.

This life is mortal breath,

Is but a suburb of the life elysian,
Whose portal we call death.

She is not dead, the child of our affection;

But gone into that school
Where she no longer needs our poor protection.

And Christ himself doth rule.

In that great cloister's stillness and seclusion,
By guardian angels led

Safe from temptation, safe from sin's pollution,

She lives whom we call dead.

Let us be patient; These severe afflictions,

Not from the ground arise,
But oftentimes celestial benedictions

Assume this dark disguise.

We see but dimly through the mists and vapors,

Amid these earthly lamps;

What seems to us but sad funeral tapers.

May be heaven's distant lamps.

Her beautiful life is suggestive of heaven, whither she has gone. She is resting at peace with God and the richest heritage to her loved ones is the Christian example she has left them.

The following little poem was read at her burial by request, entitled, "What Do They Say."

"O, what do you think the angels say?"

Said the children up in Heaven.

"There's a little girl coming here to-day,

She's almost ready to fly away

From the earth we used to live in;

Let's go and open the gates of pearl.
Open them wide for this dear little girl."

Said the children up in heaven.

"For on the earth, do you hear them weep?"

Said the children up in heaven.

"For the dear little girl has gone to sleep,

The shadows fall and the night clouds sweep

O'er the earth we used to live in;

But we will go and open the gates of pearls

O, why do they weep for the little girl?"

Said the children up in heaven.

"God wanted her where His little ones meet,"

Said the children up in heaven.

"She shall play with us in the golden,

She had grown too fair, she had grown too sweet:

For the earth we used to live in—

She needed the sunshine, this dear little girl,

That gilds this side of the gates of pearl."

Said the little children up in heaven.

"Fly with her quickly, O angels dear,"

Said the children up in heaven.

"See, she is coming; Look there, Look there!

At the jasper lights in her sunny hair

Where the veiling clouds are risen,

O, hush, hush! The swift wings furl,

For the King himself at the gates of pearl

Is taking her hand, dear sweet little girl—

And leading her into heaven.
